News from Protashow:

Protashow sent photos recently of supplies that arrived from the shipping container. He said the container was stopped along the drive to New Day by thieves who blocked the container and stole some things, our boxes were also opened. We have no way of knowing at this time what, if anything, of our supplies was stolen. He will be unpacking and doing an inventory of everything. Please pray no vital items are missing.

New Patient:

PPIHN will be seeing a new patient that Caro connected the team with. Check out the QR code below to hear the cool story of how God is using the PPIHN team .

Welcome to the team, Ralf Spauzus

Ralf has been working in the field of orthotics and prosthetics for over 40 years. He owned his own clinic in Germany before making the decision to move to Uganda in 2022 to provide care at New Life Orthopedic Center. He has 3 adult children and a grandchild living back in Germany. Ralf enjoys nature and is a former triathlete. He belongs to a Pentecostal church at his home in Germany, but enjoys trying the local churches around his new home in Uganda. We are so blessed to have an experienced clinician like Ralf join the team!
